

# Great for cuddling...

## Not so great for Disaster Relief

When disaster strikes, compassionate people want to help. While donations of clothing, food, bottled water or toys may feel more personal than a monetary donation, the truth is that even a small financial contribution can do more good for more people, with greater speed and sensitivity. Cash donations provide medical and other life-saving services now, and rebuild infrastructure later. Even little donations can generate big, lasting impacts for good.

*Send a different kind of comfort.*
